

## **CHICAGO SHOOT OUT RULES**

### **\*\*\* FOR DY0 CLASSES ONLY \*\*\***

The Chicago Shootout Brackets will run over 3 rounds.

Solos if applicable are awarded as per qualifying order.

If a racer misses a round they can still come back and race in the next round.

If a racer withdraws then his or her opponent will get a bye. Rounds will not be reseeded.

After the third round the two Racers with the most wins from each bracket will contest the Final.

If there are more than 2 Racers on the same number of wins after the 3<sup>rd</sup> Round, then the better performer(s) from the 3<sup>rd</sup> Round will go into the Final.

The better performer is the racer(s) with the Best Package (Reaction Time and Dial In Package) in the 3<sup>rd</sup> Round - Win or Lose. The calculation is absolute. ie in the case of a breakout or red light the amount under is calculated the same as if it is over.

This same calculation will determine the finishing position for the rest of the field to award points as per the table below.
